INSPIRATIONFIELD

# Critchfield hired as human resources director

"It is with great pleasure that I announce the hiring of Elizabeth Critchfield, Human Resources Director for InspirationField!" Johnnie DeLeon announced in an agencywide memo last week. DeLeon added, "Liz has 15+ years of Human Resources experience and will be a good fit within the company's culture."

Elizabeth graduated with honors from Otero Junior College with an associate of arts degree, with an emphasis in business administration. Prior to joining InspirationField, Liz worked at Bent County HealthCare Center for 19 years. The first five years, Liz served as their office manager and supervised two individuals. During the next 14 years at Bent County HealthCare,

Liz was promoted to the finance director position. As the finance director, Liz was in charge of accounting functions and HR-related functions and supervised a staff of approximately 4-5 employees. Over the next two years, Critchfield worked for Genesis Rehab at Pioneer Healthcare in Rocky Ford as a Rehab Department manager and as an

administrative assistant at the 16th Judicial District Attorney's Office in La Junta. Since July 2012 she has been employed by Fowler Health Care as a finance director. Liz supervised two employees and was in charge of the company's finances, human resources, and oversaw computer and technical support for the facility.

Critchfield has since

decided that she enjoys Human Resources and wants to work exclusively in that area, and she will assume HR duties for InspirationField. She brings to InspirationField 15+ years of Human Resources experience and a desire to learn and to excel. She can be reached at 384-8741, ext. 101. Her email address is: [ecritchfield@inspirationfield.org](mailto:ecritchfield@inspirationfield.org).
